SUMMARY

Strong foundation in DSA (Java), SQL, and full-stack web development (MERN + MySQL). Contributed 5 merged PRs to Checkstyle and participated in GSoC 2025. Skilled in building scalable web applications with efficient APIs and dynamic user interfaces.

TECHNICAL SKILLS

Languages: Java (DSA), JavaScript
Web Development: HTML, CSS, Node.js, Express.js, React.js, MongoDB, MySQL
Tools & Platforms: Git, GitHub, VS Code, Eclipse, Netlify, Postman, MongoDB Compass, MongoDB Atlas
CS Fundamentals: Data Structures & Algorithms, DBMS

PROJECTS

Social Media App (Synqo) (Github: Synqo)

- Built a full-stack social media application enabling users to create, interact, and manage posts with secure authentication
- Implemented infinite scrolling feed and optimized performance using pagination and efficient state management
- Designed scalable backend APIs and integrated MongoDB with a responsive React frontend

Nutrition App (GitHub: Nutrition-App)

- Full-stack web application for tracking daily nutrients with **food search, intake tracker, and admin panel**.
- Built with **Node.js, Express.js, MongoDB, HBS, CSS, JS**; includes **search by food name** and **nutrient-based filters**.
- Developed a full-stack application to track daily nutrients with food search and intake tracking

Job Tracker App (GitHub: Job-Tracker-App)

- Web platform to **manage job applications** with authentication (**Google OAuth**), CRUD operations, and a personalized dashboard.
- Built using Node.js, Express.js, MongoDB, and Handlebars (HBS) with search and nutrient-based filtering

OPEN SOURCE & ACHIEVEMENTS

- **Checkstyle:** Contributed 5 merged PRs enhancing Javadoc & Markdown support in a Java static analysis tool
- **Google Summer of Code 2025:** Submitted proposal "Markdown Javadoc Support" under Checkstyle organization
- **LeetCode:** Solved **200+ DSA problems** and earned **3 coding badges**. [Profile]
- **College & Semester Topper:** BBA (CAM), **90.5%**, top rank in university batch.

EDUCATION

Guru Gobind Singh Indraprastha University, Delhi
BBA (Computer Aided Management), 2021–2024 | **90.5% (Topper)**

INTERNSHIPS

Software Developer Intern – Think Future Technologies (TFT), Gurugram | Oct 2025 – Present

- Developed and contributed to full-stack web applications using MERN stack
- Built RESTful APIs and implemented authentication, CRUD operations, and dynamic UI components
- Optimized performance and implemented real-world features including data fetching and state management

Other Experience

- HR Intern – PushpFood (Remote, New Delhi) | 2 months
- Sales & Marketing Intern – Zielhoch (Remote, New Delhi) | 2 months
